

CESSNA PRIVATE PILOT TRAINING OVERVIEW

STAGE 1

STAGE 2

STAGE 3

We teach the world to fly!

CESSNA INSTRUMENT RATING TRAINING OVERVIEW

1. Developing Instrument Skills

Online Training

- Exploring Instrument Flying
- Flight Instruments
- Radio Aids and the Magnetic

Flight Scenarios

- Developing Your Instrument Scan
- Improving Your Instrument Skills
- Loss of Heading Indicator (Analog)
- Loss of Heading Indicator (G1000)

2. Polishing Instrument Skills

Online Training

- IFR Enroute Charts Clearances, and Staying Organized
- Understating the Weather
- Instrument Failures and Unusual Altitudes
- Reading the Weather

Flight Scenarios

- IFR Flight Preparation and Clearance
- Unusual Altitudes and Failed Instruments (G1000)
- Unusual Altitudes and Failed Instruments (Analog)
- Instrument Failures and Failed Instruments (G1000 ATD)
- Increasing Proficiency (G1000)
- Increasing Proficiency (Analog)
- Progress Check (G1000)
- Progress Check (Analog)

3. GPS NDB and VOR Navigation

Online Training

- Understanding RNAV and GPS Navigations
- Understanding NDB Navigation
- Understanding VOR Navigation

Flight Scenarios

- GPS for IFR Use and ADF_NDB Navigation
- VOR Navigation
- Flying Published Departure Procedures

4. Holding Patterns and DME Arcs

Online Training

- Holding Patterns and Arrivals
- DME Arcs
- Approach Charts

Flight Scenarios

- Flying a Holding Pattern
- DME Arcs and Non-published Holding Patterns
- Progress Check

STAGE 1

5. Precision and Non-precision Instrument Approaches

Online Training

- IFR Rules and Approach Types
- ILS Approaches
- Localizer Approaches

Flight Scenarios

- ILS Approaches
- RNAV (GPS) Approaches With Vertical Guidance (WAAS)
- RNAV (GPS) Approaches Without Vertical Guidance
- Localizer (LOC) Approaches

6. Automation, ATC and Other Approaches

Online Training

- Incorporating Automation
- VOR and NDB Approaches
- ATC Clearances, Services, and More Approaches
- ATC Procedures

Flight Scenarios

- VOR_NDB Approaches
- Circling Approaches
- More ILS and Nonprecision Approaches
- Progress Check

STAGE 3

7. IFR Cross Country

Online Training

- Procedures for Flying Cross-Country
- Planning Your Cross-Country Flight
- Safety Tips and Tools

Flight Scenarios

- Flying and IFR Cross Country
- Approach with Loss of Primary Flight Instruments (ATD)
- Long IFR Cross Country

STAGE 2

8. Practical Test Preparation

Online Training

- Achieve Your Instrument Rating

Flight Scenarios

- Polishing All IFR Skills
- Final Progress Check

STAGE 4

We teach the world to fly!

COMMERCIAL PILOT TRAINING OVERVIEW

1. Learning Professional Cross-Country and Night Procedures

Online Training

- Cross-Country Planning
- Sectional Charts

Flight Scenarios

- Cross-Country and Instrument Reference (day dual)
- Night Maneuvers (dual)
- Cross-Country (day pic)
- Night Cross-Country (dual)
- Night Maneuvers (solo)

2. Refining Navigation and Basic Maneuver Skills

Online Training

- Radio Navigation and Flight Instruments
- Airspace and Weather Minimums

Flight Scenarios

- Cross-Country (day pic)
- Night Maneuvers (solo)
- Night Cross-Country (solo)
- Cross-Country (day pic)
- Cross-Country and Progress Check (dual)

3. Building Cross-Country Experience

Online Training

- Weather
- Weight and Balance

Flight Scenarios

- Cross-Country (day pic)
- Cross-Country (day pic)
- Cross-Country (day pic)
- Long Cross-Country (day solo)
- Cross-Country and Progress Check (dual)

4. Flying Complex Airplanes

Online Training

- Aerodynamics

Flight Scenarios

- Complex Airplane (dual)
- Complex Airplane, Stalls and Instrument Reference (dual)
- Complex Airplane, Maneuvers and Progress Check (dual)

STAGE 1

STAGE 2

5. Flying Commercial Maneuvers

Online Training

- Commercial Maneuvers
- Aircraft performance

Flight Scenarios

- Steep turns/spirals, emergency descent and maneuvers review (dual)
- Chandelles and maneuvers review (dual)
- Maneuvers skill improvement (pic)
- Lazy eights and maneuvers review (dual)
- Maneuvers skill improvement (pic)
- Eights on pylons and maneuvers review (dual)
- Maneuvers skill improvement (pic)
- Cross-country (day pic)
- Commercial maneuvers review (dual)
- Progress check (dual)

STAGE 2

6. Preparing for Your Commercial Checkride

Online Training

- Flight Operations

Flight Scenarios

- Commercial maneuvers review (dual)
- Commercial maneuvers skill improvement (pic)
- Cross-country, complex, maneuvers review (dual)
- Cross-country (day pic)

7. Fine Tuning Your Skills

Online Training

- Federal Aviation Regulations

Flight Scenarios

- Commercial Maneuver Review (dual)
- Cross-Country Review (dual)
- Cross-Country Skill Refinement (pic)

STAGE 3

8. Achieving Your Goal

Online Training

- Achieving Your Goal

Flight Scenarios

- Commercial Maneuver Review (dual)
- Checkride briefing
- Final Progress Check

We teach the world to fly!
